

Bobbie has an M.A. degree from Chapman University and a Professional Certificate in Gerontology from California State University, Fullerton. She specializes in work with adults, couples, issues of grief and loss, and working with both individuals and family members in recovery from substance abuse. Before coming to IPG, Bobbie was the clinical coordinator at a residential substance abuse center in Anaheim and served as a staff therapist on the inpatient behavioral health unit at La Palma Intercommunity Hospital. She has been in clinical practice since 1987.
